Notes:

- 1) Because students learn at different rates, we have 5 instructors to accommodate student-learning needs.
- 2) Students will watch videos of the new games prior to the class to make class time more efficient.
- 3) Students who already know how to play the game, may play any of the games listed above.
- 4) During the lunch break, the games classroom will be available as a "Special Interest Group" for those who want to play games. Thus, longer games can be finished during the lunch period.
- 5) You can bring your favorite games to play during lunch.
