

Recreational Card Playing

Instructor: Frank Davio

Monday 9:00am-10:45am (February 3 – April 13, 2020)

Friday 9:00am-10:45am (February 7 – April 17, 2020)

The purpose of the recreational card class, besides defeating our opponents, is to enjoy the company of others: laughing and winning with friends is a great combination, but laughing and losing with friends isn't so bad either. Thus, our main objective should be to socialize and to have fun using a deck of playing cards as our medium. For those who haven't played cards in a while, don't fret. The games are simple, and you'll definitely enjoy yourself learning to play them.

Games learned throughout the semester include:

- *Blackout*
- *Brisk*
- *Casino*
- *Hearts*
- *Kill (Blackout Variant)*
- *Pinochle*
- *Spades*
