OLLI at UNLV opened the door and invited me to join. This is where I began my second life, or “life after retirement.”

I had just spent fifty-plus years working steadily as a nurse when arthritis caught up to me ending my long and wonderful career. I was feeling lost, and I set out to see what I might do to make my retirement meaningful and productive. I knew I didn’t want to spend my time sitting at home watching television and letting my brain shut down. Even though I needed to leave the career that I loved, I still needed physical and mental stimulation.

I came across the OLLI at UNLV booth at an AARP convention. An OLLI member gave me a catalog and other information about the program, and her enthusiasm drew me in.

After joining OLLI my retirement life began. OLLI at UNLV has given me a chance to teach various classes, make wonderful new friends, and keeps me healthy in mind, body, and spirit. As any OLLI member will tell you, “OLLI is a life saver.”

OLLI at UNLV is a great program whether you just want to take a few classes, or go all-in like I have. I have joined several of our committees, taught a number of health-related classes drawing on my decades in nursing, and currently serve as vice chair of our steering council. Most significant to me, as chair of volunteerism and community outreach, I work diligently to keep the program moving forward and connected to the Southern Nevada community. I don’t want other retirees to feel lost like I once had, and am passionate about making sure everyone is aware of our program and what it can do for those who are retired and semi-retired in our community.

Retirement isn’t an end, it’s an exciting new beginning. I can’t imagine my life without OLLI at UNLV, and I hope you find here the same enjoyment that I have.

About OLLI at UNLV

The Osher Lifelong Learning Institute at the University of Nevada, Las Vegas (OLLI at UNLV) is a member-driven learning community of more than 1,800 retired and semi-retired adults. Our members continue a lifetime of learning by contributing to a program rich in content, shared interests, and life experiences. In addition to our regularly scheduled classes, OLLI at UNLV offers a variety of special events, interest groups, and other member activities. Prior education is not a requirement for the OLLI program, simply a desire to learn and contribute to the classroom experience, as there are no tests, grades, or credits. Each of our classes is led by OLLI at UNLV members who bring a lifetime of personal and professional experience and passion to their classrooms. Scheduled classes cover a wide range of topics at both our UNLV Paradise campus and satellite locations. You can take advantage of the $40 inclusive summer semester membership. For more information about the OLLI at UNLV program and membership, please call 702-774-OLLI (6554). OLLI at UNLV instructors are volunteers, and the opinions expressed in each class are their own. Feedback on instructors is welcomed by the OLLI at UNLV Curriculum Committee.

DIRECTOR’S MESSAGE

Welcome to OLLI at UNLV for the summer of 2019. Whether you are a new or returning member, you are coming to us at the end of a very exciting and fulfilling year. OLLI at UNLV is an iconic, self-sustaining and accessible community of lifelong learners. This year, our peer instructors will have offered 234 classes while breaking records for membership, volunteerism and fundraising. In addition to classes, our members have attended the Nevada Ballet Theatre, participated in our hiking club, book club and exercise groups, and took advantage of UNLV’s athletic events, performing arts, lectures, and library. 250 of our members have volunteered in roles including instructors, administrative volunteers, attendance trackers, coffee room hosts, phone-a-thon callers, and more. 455 of our members further supported OLLI through donations supporting classroom technology improvements and our new OLLI at UNLV library on Paradise campus. We invite you to take advantage of your student status at a growing university by attending lectures, athletic events, music and theater performances, and a nationally recognized research library. We look forward to seeing you this semester and helping you get the most out of your membership.

INDEPENDENT TRAVEL ACROSS EUROPE FOR SENIORS

With only a map and a general idea where we wanted to go, we traveled all over Europe on a tight budget of only $3,000 per month (plus Eurail Pass) for the both of us. Our first trip was in 2014; our second in 2018. We learned a lot and are eager to share our experiences with you and have you share your traveling experiences with the class. This class will cover the dos and don'ts of long-term travel for seniors to Europe. It will cover passports and visas; banking and finance; medical considerations and insurance; transportation; housing; food and entertainment. You will learn how to set up a budget; determine which countries you want to visit; find apps that meet your needs; find discounts before you leave; and many more tricks of the trade. We will also address taking care of your home when you are away from home.

Monday, June 3-July 22
TIME: 9-10:45AM

Instructor: Geri and Ralph Saxton have traveled every summer since they married in 1981, primarily tent camping in the US, Canada, and Mexico. They then put on their traveling shoes in 2011-2014, criss-crossing the U.S. in an R.V., just stopping at their home twice a year for two weeks. The Saxtons have since expanded their long-term wanderings to Europe, and have made two trips that lasted over five months each. As seniors, they find that tent camping is no longer the way to go. They enjoy their many conveniences, yet want to explore new places on a senior budget.

RECREATIONAL CARD PLAYING

Even if you haven’t touched a deck of playing cards in years, you will enjoy this class. The games are easy to learn and enjoyable to play. Compete against fellow OLLI at UNLV members in a friendly atmosphere. Our purpose, besides defeating our opponents, is to socialize and to have fun. To begin your day with excitement, come join us for a thrilling morning of card playing.

Monday, June 3-July 22
TIME: 9-10:45AM

Instructor: Frank Davio worked for Rheingold Brewery in Brooklyn, New York as a truck driver and for Southwest Airlines in Las Vegas as a ramp agent. He was raised in a social club culture and has been playing cards for recreation most of his life. Though he now occasionally plays cards online, Davio knows there is nothing that compares with the fun, entertainment, and excitement of playing cards in the flesh.

20TH CENTURY ART

The 20th century is arguably one of the most eventful periods in art history. It witnessed the birth and outgrowth of abstraction, along with innumerable movements that came and went amid related changes across the globe. This course will examine those various movements and view the works of each movement’s leading artists as art ceased to reflect the external world and became more a personal expression of the artist’s inner self. This is an expanded repeat of the class offered Fall 2018.

Monday, June 3-July 22
TIME: 11AM-12:45PM

Instructor: Fran Smith holds a B.A. in political science and an M.A. in international relations. Her first career was on Capitol Hill as a Congressional aide. Her second was in housing development in Honolulu. And her third was nonprofit management. After retiring, she returned to her love of learning through OLLI at UNLV. Although she has no professional art experience, she minored in art history and has pursued her love of art all her adult life through travel.

CROCHET & KNIT

Join our hands-on workshop designed to improve skills by completing projects. Participants must either know how to crochet single, half double, double, and triple crochet, or knit garter, purl, stockinette, and cable stitches. You will need two light-colored skeins of yarn to practice, and a three-ring binder or folder. Patterns will be provided.

Monday, June 3-July 22
TIME: 11-12:45AM

Instructor: Lynne Boone has been teaching crochet classes at OLLI at UNLV since fall 2013. She is also the moderator of the OLLI at UNLV book club since November 2012. Boone graduated with a B.A. in English from Xavier University of Louisiana in 1984.
COLORED PENCIL DRAWING
Colored pencil is a luminous art medium that allows many layers of color to depict brilliant light. Colored pencils are highly pigmented and have a smooth, buttery lay down. Whether the artist is trying to create a composition that is pointillist and textured, or photo-realistic and highly blended, this versatile medium satisfies a wide range of artistic styles.

Monday, June 3-July 22
TIME: 11AM-12:45PM

Instructor: Nancy Giniger is a graduate of Fashion Institute of Technology with a double major in fashion design and art and advertising. She worked as a children’s clothing designer in New York City before moving to Mexico City. Giniger studied pastel portrait painting in Mexico City and in San Miguel Allende at the Art Institute.

SEINFELD REDUX
How did Seinfeld, “a show about nothing” become such an enduring classic? View episodes each week, followed by discussion about the themes and issues. Over its nine-year run, Seinfeld and its cast amassed Emmys and it has been ranked among the best TV shows of all time. We will discuss why Seinfeld remains one of the most popular TV shows and make our own cases for our personal favorite episodes. Is yours I’m Out? Soup Nazi? Junior Mint? Something else? Perhaps we will even figure out why the show centers around Jerry’s apartment. Related information about the show, comedian and title character Jerry Seinfeld, and head writer and producer Larry David will be introduced.

Monday, June 3-July 22
TIME: 11AM-12:45PM

Instructor: Jim Patton watched the Seinfeld series from its inception in 1989 through the final show in 1998. He still watches reruns, to his wife’s chagrin, whenever they air. He earned undergraduate and graduate degrees in Minnesota prior to packing the family and moving to Thailand to take a job with the U.S. Air Force. He set up off-duty education programs at various bases and conducted classes in test preparation and interviewing skills.

TUESDAY

THE PAINTED DESERT
Create your personal artistic interpretation of the desert we call home. Whether you are interested in reptiles, cacti, birds, animals, rock formations, wildflowers, petroglyphs, or beautiful skies, there is inspiration all around. In this class any medium is encouraged: pen and ink, watercolors, pastels, colored pencils, collages, or acrylics. Your instructor will furnish source materials to inspire you, or you can bring your own.

Monday, June 3-July 22
TIME: 11AM-12:45PM

Instructor: Self-taught, Martine Patton has been painting watercolors for 30 years. She has participated in workshops with nationally recognized artists such as Birgit O’Connor, Judy Morris, and Lian Quan Zhen, and has won several awards locally. Patton is also familiar with pastels, colored pencils, and collages.

Sewing was a new addition to the OLLI at UNLV curriculum in spring 2019. Members learned a variety of skills such as how to add zippers, choose fabrics, and follow patterns. Providing this new experience to our members demonstrates the continuing evolution and expansion of OLLI at UNLV’s offerings, including the opportunity for members to learn to Sew with Confidence!
**SOLLCOLLAGGE:** AN INTRODUCTION

The SoulCollage process combines images, intuition, and self-reflection into a unique creative and artistic process that anyone can do. It requires no special skills, but can often produce images and insight that are surprising and full of depth and personal meaning. Founder Seena Frost says, “SoulCollage is about creating your own deck of very personal cards. Hand-in-hand with the fun of creating these simple cards are the surprising ways they help you explore your soul, your shadow, and your inborn gifts.”

**Tuesday, June 4-July 23**
**TIME: 9-10:45AM**

Instructor: Amanda West received her B.A. from Sonoma State and her M.A. from JFK University in Orinda, California. After passing her California license as a marriage and family therapist, she worked with families, individuals, and groups. In 2006 she retired and started doing volunteer work with the Red Cross and hospice. In 2011 she became a certified SoulCollage facilitator after training with founder Seena Frost. Her passion is working with groups and building community. Bette Beauregard graduated from UC Irvine. She has been a certified computer instructor in the Las Vegas valley for over 20 years. She began exploring creative arts in the 1990s and has enjoyed paper arts, collage, bookmaking, eco dyeing, creative stamping, and is a certified Zentangle® teacher. She became a SoulCollage® facilitator in 2007 and attended a second facilitator training in 2016. Debra McGuire was introduced to SoulCollage® at OLLI at UNLV in 2017; she felt so empowered by the process that she recently completed facilitator training. McGuire is a Southern California native who enjoyed a fulfilling 25-year career with the Las Vegas-Clark County Library District. She has always been drawn to increasing her knowledge of healing arts and healthy nutrition. Along with her love of lifelong learning, McGuire enjoys quilting, painting, hiking, and spending time with her entertaining Dachshunds.

**LAUREL AND HARDY**

Laurel and Hardy appeared together in 106 films during their long career as the most successful comedy team in film history. You will have the opportunity to view a representative list of their films, from early silent two-reel shorts to sound short and feature comedies. Screenings will be supplemented by background information about the movies and filming locations around and about the Culver City, California area. Take a comparative look at comedies Laurel and Hardy made originally as silent films, then remade with sound and adjustments to the story and cast members. You will have a chance to see a selection of their solo comedy films before they were a team as well. To round out our understanding of their careers, we will view and discuss cameo appearances in other films made at the Hal Roach Studio. Supporting players along with up-and-coming stars who began their careers in Laurel and Hardy comedies will also be a part of this program.

**Tuesday, June 4-July 23**
**TIME: 11AM-12:45PM**

Instructor: John Duff III is a retired assistant film editor. Since 1971 he has collected films in the 16mm, VHS, DVD, and Blu-ray formats. His passion for Laurel and Hardy dates back to the age of 5 and has continued through the years. His 40-plus year association with the Sons of the Desert (International Laurel and Hardy Appreciation Society) has included serving as Grand Sheik (president) of local two chapters for a total of 28 years.

**MUSIC AND MONARCHY**

Music and Monarchy is a survey course designed to familiarize OLLI at UNLV members with British royal history as told by its music. The course will include video presentations produced by the BBC and narrated by Charles Hazelwood, Simon Russell Beale, and David Starkey. Supplemental material will include musical selections and commentary by the instructor. The historical span under consideration will begin with Henry V and move forward into the current reign of Elizabeth II.

**Tuesday, June 4-July 23**
**TIME: 11AM-12:45PM**

Instructor: Philip Koslow earned a bachelor of music degree from Virginia Commonwealth University and pursued graduate work at the Hochschule fur Musik in Vienna. He served as French hornist in the Richmond Symphony for 23 seasons prior to his second career as an orchestra administrator in Florida, Alaska, and Nevada. He served as executive director of the Las Vegas Philharmonic from 2003-2009.

PASTEL DRAWING

Brilliant color that does not yellow with time, a velvety matte surface unlike any other medium, dry color that is capable of a range of effects—these characteristics are distinctive to pastels. Pastel drawings and paintings are stunningly beautiful, with rich textures and deep colors. Pastel's look and feel results from the medium's composition, a blend of finely-ground pigment and white extender coalesced with just enough binder to enable the artist to grasp the stick of color as it crumbles when stroked across a support. It is this powdery property that accounts for the delicate surface of works executed in pastel. Be prepared to get dirty and do wear old clothes or a cover up!

Shakuntala Devi multiplied massive numbers in her head so that her family could eat at night. Pamela Harris proved her school counselors wrong when they told her she would only succeed as a bilingual secretary. And Carla Cotwright-Williams began her life in the dangerous streets of South-Central Los Angeles before skyrocketing to a powerful career with the Department of Defense in Washington, D.C. From rocket scientists and code breakers to computer programmers and data scientists, discover the inspiring stories of women who fought through the obstacles, shattered the stereotypes, and embraced their STEM passions. DEATH AND DYING IN THE MOVIES

Death is an unavoidable constant in our lives, preceded by the dying process which itself takes many forms. This course presents eight films about dying, death, and imminent death experiences. After each screening we will discuss what the film meant to the class—not only the structure of the film but also the personal emotional reaction to it. There will be voluntary opportunities to share and process similar personal experiences in a structured environment, somewhat akin to Death Cafe which is a nonprofit social franchise that offers a way for people to gather and discuss death, and to subsequently make the most of their (finite) lives. We will also use films to frame a discussion of assisted death, a timely political topic in Nevada. Death is not a film genre in itself, and can be portrayed in dark comedy, sports, romance, and biography; our watch list will have these and more. Both international and American films will be on the schedule.

**MEDICAL SCHOOL GRAND ROUNDS**
There is both art and science that goes into how doctors diagnose and treat patients. Doctors gain these skills through Grand Rounds, an essential part of medical students’ education and an ongoing process whereby doctors practice how to make diagnoses by examining real patients. Watching doctors solve medical problems like detectives is a fascinating way to explore medicine. By understanding how doctors interact with patients and review symptoms, you will make better sense of future visits to your doctor; improve the way you communicate with your doctor; get a rewarding introduction to how doctors think and work; and witness critical thinking skills at work in the medical world. Each week you will investigate a hypothetical case based on initial symptoms and any testing done with the results. You will work in groups to study the results and research symptoms on the internet to see if you can arrive at the correct diagnosis.

**WORTH FIGHTING FOR**
Before Rocky, there was a different kind of boxing movie. Filled with gangsters and corruption, these were not Cinderella stories where the fighter always comes out on top. In fact, boxing was often used as mere window-dressing, a metaphor to talk about larger struggles than what happens inside the ring. These movies asked hard questions: What is a boxer really fighting for? Money? Dignity? The love of a woman? At what price is he willing to fight? And what kind of society do we live in where some see boxing as their only way out? In this discussion-focused class, we will watch some of the most iconic boxing movies from the 1930s to the 1960s, filled with powerhouse performances by such actors as John Garfield, Robert Ryan, Barbara Stanwyck, Rod Steiger, and Humphrey Bogart. Even if you are not a boxing fan, you will be moved and intrigued by these hard-hitting social commentaries that pack an emotional punch.

HISTORY OF THE GANGSTER FILM: 1930s TO 1950s
Step through the door of the speakeasy to a time when gangsters ruled the streets with fast cars, Tommy guns, and lousy attitudes. We will investigate the origins of the gangster movie genre and how the genre changed over time as a result of shifts in American culture. From Prohibition, through the Great Depression, to World War II and its aftermath, the class will cover the rise of the Mob during the early 20th century, the censorship of the Production Code, and the Hollywood Blacklist during the Communist Red Scare. We will explore how the gangster films of the 1930s evolved into film noir and the heist film after World War II. Screenings will include such iconic films as The Public Enemy (James Cagney), Key Largo (Humphrey Bogart and Lauren Bacall), The Killers (Burt Lancaster and Ava Gardner), and On the Waterfront (Marlon Brando).

HUBBLE IMAGES OF THE UNIVERSE
For two decades, the Hubble Space Telescope has been amassing discoveries that rival those of history’s greatest scientists and explorers. Hubble is arguably the most important and productive scientific instrument ever built. Although it never ventures beyond low-Earth orbit, Hubble’s location high above the blurring effects of the atmosphere gives it an unrivaled vantage point for investigating phenomena throughout the cosmos. Examine Hubble’s design and structure, and learn how small flaws can cause big problems. Uncover the mysteries of fascinating nebulae, including the Cat’s Eye Nebula and the Crab Nebula. Trace galaxies near and far, including the Sombrero Galaxy and the Antennae Galaxy. We will assess Hubble’s accomplishments by studying a carefully chosen sample of its landmark images in a visual feast that includes many of the greatest discoveries in astronomy during the 1990s and 2000s.

MYSTIC JOEL S. GOLDSMITH, 2ND SERIES
This class will be based on additional audio recordings by American mystic, author, and spiritual healer Joel S. Goldsmith (1892-1964). In 1911 this young Jewish man heard an inner voice that said, “Find the man Jesus and you will have the secret of life.” Through meditation he became aware of a dimension where a higher law (Grace) functions. Many describe the same dimension, but Goldsmith not only taught how to experience Grace in daily life, but also explained healings as an effect. One of the first to emphasize contemplative meditation in the West, Goldsmith’s teaching has inspired thousands, including Wayne Dyer and Eckhart Tolle. The class will include discussion and meditation. The new film on Goldsmith will be repeated at the first class.

Wednesday, June 5-July 24
TIME: 10AM-Noon

Instructor: Patricia Ferrara led Goldsmith groups in Minnesota, Florida, and California and helped coordinate groups in England and Australia. In 1969 she experienced oneness with a spiritual presence and her dying baby was healed. She began to study Eastern and Western mysticism. A graduate of the University of Minnesota, she worked as a writer/editor in marketing communications. She also served as VP Programs for the Palm Springs Writers Guild and on the Advisory Board for Women at the University of MN.

20TH CENTURY ART
The 20th century is arguably one of the most eventful periods in art history. It witnessed the birth and outgrowth of abstraction, along with innumerable movements that came and went amid related changes across the globe. This course will examine those various movements and view the works of each movement's leading artists as art ceased to reflect the external world and became more a personal expression of the artist's inner self. TURNING A NEGATIVE INTO A POSITIVE
Re-frame your thoughts so you can better appreciate all the great things happening in your life. Sometimes we get into a cycle of focusing on the challenges of our lives-health issues, money woes, family drama-and forget that we are also surrounded by positive things happening all around us. We can all use an hour or two during the week to focus on turning a negative into a positive, have some fun, meet new people, and nurture our creative writing talents. Guided writing prompts and interactions with peers will get your creative juices flowing. Write for 2-3 minutes on each prompt, and share your thoughts with the group if you are up for it.

The membership fee includes unlimited classes for the semester (pending available space), OLLI name badge, an OLLI at UNLV parking permit, student benefits, and more.

DO I KEEP MY NAME BADGE?
Yes! Your name badge is good for as long as you are a member of OLLI at UNLV. Each semester members are mailed a new sticker to put on their badge. If you lose your badge the replacement fee is $6. Broken badges can be replaced at no cost by visiting the information desk in Building 100 of the Paradise campus.

HOW DO I LEARN ABOUT OLLI AND UNIVERSITY EVENTS?
OLLI at UNLV sends a weekly e-newsletter for members and community partners. To sign up for “News You Can Use,” call 702-774-6554 or visit olli.unlv.edu/current-members.

DOES OLLI AT UNLV HAVE SCHOLARSHIPS FOR MEMBERS?
OLLI at UNLV membership scholarships are available to new and returning members who have faced unexpected financial hardships. For more information, please contact the OLLI at UNLV main office at 702-774-6554 or email olliatunlv@unlv.edu.

HOW DO I OFFER KUDOS, MAKE SUGGESTIONS & SHARE CONCERNS?
Steering council members, instructors, committee chairs, mentors, and the OLLI at UNLV administrative team are all available to address your comments and concerns. There are suggestion and member recognition boxes located in building 500 or OLLI at UNLV administrative offices. All information will be passed along to the appropriate party. We will take time to address any suggestions, concerns, or recognition of your fellow members.
The 2018-2019 academic year was our boldest yet with initiatives and projects outside the classroom. These projects connect members to the program, to each other, and to Las Vegas!

**VOLUNTEER DAY - DECEMBER 18, 2018**

More than 100 volunteers joined in to serve our lifelong learning and Las Vegas communities! Our volunteers made 300 hygiene kits and collected 300 pairs of socks for the children of the Nevada Partnership for Homeless Youth. In addition, volunteers stuffed envelopes for potential donors, wrote holiday cards to our troops assisted in attendance tracking, and prepared for UNLV Nursing students to attend OLLI at UNLV in the spring.

**VOLUNTEER APPRECIATION**

This past year the OLLI at UNLV Volunteerism and Community Outreach Committee worked diligently to share the variety of volunteer opportunities we have with our members. As a result, we have over 200 members working as volunteers to make coffee and keep our member areas clean, take class attendance and share announcements, stuff envelopes, and more! To show our appreciation, the Volunteerism and Community Outreach Committee gifted each of our dedicated volunteers with an OLLI at UNLV lunch box during the fall semester. We extended our appreciation in the spring by providing each volunteer with a hand written note and specialized volunteer bookmark.
2018 PHONE-A-THON

The 60 volunteers that participated in our annual Phone-a-Thon fundraiser called 1900 OLLI at UNLV members to raise funds for program growth and development. Our generous 456 member donors raised $29,335. This was a 36% increase in fundraising and 11% increase in member participation. We would like to thank all of our members who made calls, wrote thank you notes, sent follow-up mailings, and of course donated for making OLLI at UNLV stronger than ever.

LIBRARY

Thanks to the generosity of our phone-a-thon donors, OLLI at UNLV now has its own library. Located between the coffee room and computer lab, this former storage space is now home to hundreds of books, videos, compact discs, and even puzzles! The library was set up by volunteers from OLLI and a UNLV political science class. Members can sign out and borrow any Great Courses movies and books for up to 30 days, and instructors may borrow for a full semester. Also, take a look at the lending shelf for a variety of novels and non-fiction donated by members over time.

SCHOOL SUPPLY AND TOY DRIVES

This year, generous OLLI at UNLV members donated school supplies and toys to children in the Las Vegas Valley. Our collection of more than 400 school supplies supported the education of the children at Beatty Elementary this fall. Additionally, a holiday toy drive benefitted communities surrounding the UNLV campus. Members collected toys along with the greater UNLV community that were distributed by the officers of Las Vegas Metropolitan Police Department’s South Central Area Command before the holiday.

COMMUNITY OUTREACH AT AREA EXPOS

OLLI at UNLV’s very best marketing tool is glowing reviews from our members! OLLI at UNLV volunteers assisted with the Agewell and Cleveland Clinic Spring into Health’fare’ expos this spring. Their work to bring information about OLLI at UNLV to the community resulted in over 500 positive contacts and 200 prospective member leads. Sharing our program with the greater community through word of mouth is one of the most valuable opportunities for our volunteers. Providing an individual connection through member stories and experiences develops a strong connection to our lifelong learning community.
