REQUIREMENTS:

1. Your ukulele and tuner
3. A desktop music stand

WEEKS 1 & 2: Review of chords and songs learned during the Fall 2019 beginning class. Prepare your questions so that Niels and I can help you with any chords or techniques that have been giving you difficulties during the semester break.

WEEK 3 thru 7: Learn new chords and songs from the “Daily Ukulele” book. We will concentrate on songs with no more than 8 chords, although we also may try some more difficult songs. Your instructor will provide additional music not in your book for you to learn. Students are encouraged to suggest songs they would like to learn, or to bring in music in sufficient numbers to distribute to the class.

WEEKS 8 thru 10: Intensive preparations for a possible end of semester concert[s] and for promotion to the Ukulele Workshop during Summer semester 2020.

NOTE: There will be no class during spring break: Friday, March 20th

This class will end on Friday, April 20th.
